2nd Annual Florida Diversity & Leadership Conference

University of Central Florida

January 14, 2011

Sponsored by:
Welcome to the 2nd Annual Florida Diversity & Leadership Conference. The theme for this year’s conference is “Wind of Change.” In the backdrop of new national leadership that reflect the diversity of our country, I believe it behooves organizations and in particular the leaders of corporations to see “Change” as a business necessity. That is, in order for organizations to be successful, there has to be a change in the way companies and organization attract, recruit, retain, develop and promote diverse talent. It is essential for organizations to review their systems to ensure that diverse candidates have the same opportunities as everyone else.

A review of the 2010 Florida Glass Ceiling Study reveals that both women and people of color are still devoid of opportunities to participate on both Corporate Boards and in the C-Suites. I believe very strongly that Corporate Leadership should reflect the diversity of the community and its employee base. Hence, the barriers that have for so long excluded some groups have to be literally torn down in order for us to see real and measurable change in the demographics of leadership in corporations in the state of Florida. The leadership pipeline has to be inclusive.

The “Wind of Change” is blowing in Florida but it is going to require more than one individual writing a letter. It is going to require regular folks just like you and I to speak up and challenge the status quo of inequity that is unfortunately so prevalent in some of our workplaces in our communities. In addition, we as a community have to hold leaders accountable; it is essential.

History teaches us that “Change” has always been difficult but I am very hopeful and encouraged that the Community of Florida will usher in a new era of respect and acceptance for differences. Please join me on January 14th in Orlando as the “Wind of Change” blows in Florida.
Letter from Honorary Chair

Dear Conference Participants,

It is my pleasure to welcome you and other Florida Diversity and Leadership Conference guests to the University of Central Florida, a multi-campus metropolitan research university that stands for opportunity. Hitt.

The Office of Diversity initiatives is pleased to partner with the Florida Diversity and Leadership Conference to host this event. It is our hope that the conference speakers and sessions will enhance your understanding and appreciation for diversity in its many dimensions. We also hope you will be empowered with leadership strategies to address the various professional and personal opportunities and changes we face in a world that is becoming increasingly diverse.

Again, welcome to UCF

Sincerely,

John Rowland
Three Term Governor, State of Connecticut

John G. Rowland’s 20-year public service career has distinctly improved the quality of life in Connecticut. His communication skills and coalition building talents were major factors in the rebirth of the capital city of Hartford, as well as other major cities in the state. The landmarks of his legacy can be seen across Connecticut.

Investments in public elementary education during Governor Rowland’s tenure made Connecticut #1 in reading, writing, and mathematics. Under John Rowland’s watch, investments in the arts positioned Connecticut as #1 nationwide in arts endowments. Investments in the state university system, as well as local community colleges, have resulted in Connecticut gaining a competitive edge in attracting students from around the world.

As Governor, Rowland initiated one of the nation’s few state-sponsored “Faith Based Initiatives,” partnering state government with churches and religious organizations to focus on supportive housing, substance abuse, job training, and prison reform.

From welfare reform to higher education, John Rowland helped make Connecticut an environment for world-class opportunities and hope.

John Rowland became a member US House of Representatives at the age of 27. He served three terms in the US Congress and, during his ten-year tenure as Governor, served as Chairman of both the National Republican Governors’ Association and the New England Governors’ Association.

Facing preliminary investigative hearings by a legislative panel he stepped down from public office on July 1, 2004. On April 1, 2005, he began serving a sentence of one year and one day at a federal institution in Loreto, Pennsylvania, after accepting a plea agreement.
