FOR IMMEDIATE RELEASE

The 2016 Top 50 Most Powerful Women in Technology announced by the National Diversity Council

Los Angeles, CA – – The National Diversity Council announces the 2016 Top 50 Most Powerful Women in Technology, a definitive list of female executives, influencers and achievers impacting the technology industry.

“The 2016 Top 50 Most Powerful Women in Technology list honors female executive leaders of the highest caliber within the tech industry, said Dennis Kennedy, founder and Chair of the National Diversity Council. “It is my honor to announce this group of powerful and inspirational women who have reached new heights of achievement in business.”

Selection to the list was based on the following criteria:

- Top leader in her organization and profession
- Directly contributes to business growth or strategic direction of the organization
- Maintains a record of accomplishments in areas of expertise
- Effective role model who inspires other women and is active in mentoring the next generation of female professionals in the industry
- Operates with the highest integrity and ethical behavior
- Demonstrates a commitment to corporate citizenship
