Pennsylvania Diversity Council Hosts the 7th Annual Philadelphia Women in Leadership Symposium

On March 17, 2016, the Pennsylvania Diversity Council and Cigna Healthcare hosted the 7th Annual Philadelphia Women in Leadership Symposium. Attendees of the symposium gained knowledge and advice from corporate leaders who shared insight from their personal success and leadership experience as professionals.

“It is always a pleasure to welcome such exceptional leaders to our events,” said Dennis Kennedy, Founder and Chair of the National Diversity Council. “Our panelists never fail to present valuable knowledge that we can all use to enhance our careers.”

The half-day event featured multiple business leaders from various organizations discussing topics such as “The Courage to Lead,” “Finding your Own Voice,” and “Positioning Yourself for the Next Big Opportunity.” The symposium began with a welcome from Rosanna Durruthy, Chief Diversity Officer of Cigna. Following a series of speeches presented by the elite featured panelists, audience members were given the opportunity to ask questions and share their thoughts on the discussion topics presented.

The Pennsylvania Diversity Council would like to thank all the sponsors, speakers and attendees for helping to make this event a success.
